

QUALITY POLICY

The Policy of Interlec (WA) Pty Ltd is to provide Electrical and Instrumentation Contracting Services to clients through an Integrated (QWHSE) Management System in accordance with the requirements of International Standards and agreed specifications and contracts in the provision of contract/project management, procurements, supply, installation and maintenance of :-

- Installation and testing of electrical works in heavy industrial, mining, overhead and underground power transmission projects.

The inter-related functions of Quality, Efficiency, Safety, Environment and Profitability are essential to our business; thus, the implementation and achievement of quality is, combined with other functions the responsibility of all levels of Management and Supervision.

Interlec Management objectives are to: -

- Ensure all Interlec personnel are aware and committed to the Company Integrated (QWHSE) Management system and that they possess the necessary knowledge of such for implementation.
- Assess and identify Client requirements to ensure the Integrated (QWHSE) Management System is relevant.
- Ensure and maintain that Company produced documentation is correct, complete and complies with but not necessarily limited to requirements of our Clients.
- Committed to meeting all statutory and regulatory requirements, both state and national.

In order to achieve these objectives all problem areas shall be solved with efficiency and economy, notwithstanding that all objectives and methods of the Integrated (QWHSE) Management System are continually reviewed and all techniques of such provisioning is improved when necessary.

All personnel shall be responsible for the Quality of work by that person and that Company Policy and Procedures are implemented to ensure provision of a committed and dedicated team approach towards excellence of which is the Standard of Quality to be achieved by Interlec. The Project Supervisors and the QA WHS & HR Manager report to the Managing Director and are responsible for the operation of the Integrated (QWHSE) Management System. Conformance with the Quality Provisions will be the responsibility of Interlec workers.

All levels of Management and Supervision shall be committed to the Company's Integrated (QWHSE) Management System and I hereby consider such commitment will further enhance our reputation, competitiveness and long-term success in the Electrical Contracting and Engineering Industry and provide an even higher degree of employee satisfaction.
